

1994, □ 4

CONTENTS

Electrodynamics of electrical power devices

Rudakov V.V. Capacitor insulation service life _____
_____ 3

Magas T.E., Ryadynskiyh A.S. Some problems of static and dynamic negative resistances theory____ 7

Seredenko V.A. Resistance change of magnetodynamic installation turn during alloys making _

11

Savov V.M, Bogdanov E.S., Georgiev Dz.D. Screen asymmetric strip line analysis by the bound

quantities method

15

Electric energy parameters conversion

Borisov B.P., Zubyuk Yu.P. High-effective electrothermic systems design

21

Pyvniyak G.G., Slesarev V.V. Probability parameter simulation of the load-regulator system for

the collieries conditions

24

Volkov I. V., Kravetz I A. Inducons (inductor-capacitor hybrids) simulation in the rectifier circuits

28

Kyryk V.V, Lipkovsky K.A., Pavlov V.B. Rectified voltage regulator with the molten metal working

medium

36

Rudenko T.V., Shevchenko P.N., Yurchenko N.N. Current distribution in a parallel joint of power

transistors at turning off

39

Artemenko M.E., Takher A.M. Transistor voltage converters synthesis with the given properties_____ 43

Korzhavin O.A. Stability estimation of the single-ended voltage converter with the reverse diode

and biloop current and voltage controlling
system_____

47

Electromechanical energy conversion

Popovich N.G., Peresada S.M., Krutonog M.Ja. New algorithm of measuring output adaptive

control of asynchronous electric drive_____

54

Electric energy systems and installations

Stogny B.S., Kirilenko A.V. Integrated information controlling systems of the power industry

installations_____

61

Electrical and magnetic measurements

Andrievsky E.A., Mazmanjan R..O., Steblin V.S. Alternating current mains supply pulse

magneti-
zing system

67

Barabanov V.A., Bekbudov R.S. Application of adaptation to the designing of optic elements

positionering compact systems

69

Voloshko A.V., Kotzar O.V. Removal of the instability influence of the network frequency
onto the accuracy of the definition of electric power quality
indexes

73
