Abstract

The requirements for drawing up the list of literature in the journal "Technical electrodynamics" in accordance with DSTU 8302: 2015 "Information and documentation, bibliographical

reference, general rules and rules of compilation" are briefly set forth. Examples of descriptions of literary sources in Ukrainian and English and a short list of software products are provided to assist authors in order to simplify the work on the registration of scientific publications. References 4, table 1.

Key words: references, DSTU 8302: 2015, a bibliographic reference, the source of literature
